and Guards.****DETERMINED TO STOP BLOODSHED****Enforcement of Order May Result in  
Trouble; Strikers Will Not Need a  
One-Sided Disarmament Plan; More  
Troops Welcomed by State Officials.**

By Associated Press.  
WASHINGTON, May 2.—Under authority of the President, Secretary of War Garrison today issued a proclamation calling upon the people in the Colorado strike district to surrender all arms and ammunition to the United States army officers now in charge at the various troubled localities.

The proclamation addressed to Major Hobbs at Trinidad, is in the most sweeping terms, and demands the surrendering of not only strikers but mine guards as well.

By Associated Press.  
DENVER, Colo., May 2.—Disarmament of the two factions, mine guards and strikers, who have clashed since the miners' strike began last September, was the important question in the northern and southern Colorado coal fields today. Almost every declaration of defiance was made by the strikers to any order that would deprive them of their guns while the mine guards kept their arms.

News of the arrival of additional Federal troops was received with satisfaction by state officials.

The proclamation of Secretary Garrison called the following statement from J. P. Withers, president of the Colorado Fuel & Iron Company:

"The order of Secretary Garrison to disarm both sides suits the operators perfectly. We told Major Hobbs that we were ready to turn over our arms the minute he said he could control the situation."

When shown the proclamation, J. P. Withers, district secretary, treasurer of the United Mine Workers, said:

"We understood this order to mean that mine guards, detectives, militia and strikers are to be disarmed and peace maintained by United States troops. This being the case, trouble in the strike zone is at an end and if the militiamen are to be allowed arms, there is sure to be trouble again, a large percentage of them are in the employ of coal companies."

**EIGHTEEN MORE BODIES ARE  
TAKEN FROM WRECKED MINE****Seventeen Others Have Been Located  
by Rescue Crews; Rapid  
Progress Made.**

By Associated Press.  
ECCLES, W. Va., May 2.—Eighteen bodies were recovered from the galleries of Mine No. 5 of the New River Colliery Company when fresh rescue crews descended the shaft at dawn. Seventeen others have been located and indications were they would be brought to the surface before night.

Director Holmes of the Bureau of Mines has his forces so well organized that as soon as one crew reaches the surface another is ready to take its place. Much of the mine has been explored but there still remain some unexplored and rooms have been entered had not been forced. Until these have been killed, air is now being forced into the mine, the pumps are working night and day, and the next day or two should see the work of recovering bodies almost ended.

**MOURNERS STILL MARCH****Upton Sinclair and Followers Hunt  
Standard Oil Offices.**

By Associated Press.  
NEW YORK, May 2.—Although John D. Rockefeller was miles away at Potomac Hills, mourners continued their marching today in front of the Standard Oil buildings in Lower Broadway as a protest against the strike in the Colorado coal fields, in which the Rockefellers hold big interests.

Upton Sinclair was conspicuous among the marchers. He was released from prison last night after having paid a fine imposed for disorderly conduct. A warrant was issued today for the arrest of Marie Gunz, an orator of the Industrial Workers of the World. It was based upon affidavits setting forth her repeated threats against Mr. Rockefeller.

The detectives spread out around the Standard Oil building and after a while of search, two men were captured. The woman in the crowd, she was on her way to the building to relieve the marching mourners there. With her at the Standard Oil building, she was taken to a nearby police station and locked up.

**STRIKE UP TO UNION****Construction of Clause in Agreement  
is Mooted Point.**

By Associated Press.  
CHICAGO, Ill., May 2.—Whether the strike of 10,000 miners in the Kanawha district will be sanctioned by the international officers of the United Mine Workers of America, depends upon the construction of a clause in the agreement which ended March 21.

The clause provides that if at the end of 30 days after the expiration of a contract a new one has not been signed the points in dispute shall be submitted to the state committee operators and miners and if 30 days they are unable to agree, operations in the mines may cease. The miners hold that there are no disputed points as the operators have refused to affirm the old agreement to fix a scale for outside labor and adopt the check-off while the operators contend there are points unsettled and the men have quit work in violation of the 30-day clause.

By Associated Press.  
CHICAGO, Ill., May 2.—Reports of the evacuation of 300 miners from the Kanawha district are premature, it is officially stated. The rebels expect an important battle before the city is taken and for this purpose forces are now in motion from Monterey and Torreon.

A review of the troops of Carranza and Villa was held today. The two leaders, members of the cabinet and the military staffs, and a number of lesser officials took part in a love-feast at the gubernatorial palace. As the troops were passing the foreign club, General Carranza, seated, an American newspaper man among the spectators, he halted to shake the foreigner's hand. The act was evidently intended to make evident to Mexican onlookers that the official attitude toward Americans is friendly.

In fact, every Mexican understands that an anti-foreign demonstration means death to the offenders.

When Carranza leaves here it is understood the rebel capital move with him, first to Torreon and then to Monterrey. From the latter city he will direct the campaign against Tampico and Saltillo. The rebel-American phase of the occupation of Vera Cruz, which for a time after the issuance of Carranza's note to Secretary Bryan looked grave, is considered closed.

General Carranza assumed that Americans will leave Mexican soil at once upon the complete triumph of the revolution.

Montelli Wanted Her to Marry Him,

She is Said to Have a Husband and  
a Child; Recovery is Not Expected.

Special to The Courier.  
UNIONTOWN, May 2.—Shot twice through the body by Nick Montelli because she says, she refused to marry him, Lillian Leonard, 17 years old, is dying in the hospital here. Montelli is in the county jail awaiting the result of his victim's wounds. The shooting took place about 9:30 o'clock last night in the restaurant of John Segal on East Peter street, where the girl was employed.

It is said that Montelli and the girl had been to a moving picture show early in the evening. When they returned he sat down at a table in the restaurant and drank coffee, while she remained outside. A few minutes later, eye witnesses declared, she entered and, going over to his table, pointed her finger at him and said something in a low tone. Montelli is then alleged to have drawn a revolver and fired at her. She fell to the floor and he shot her again. Then he ran out, dropping the weapon in his haste.

The girl was given medical attention and taken to the hospital. Montelli was captured and taken to the hospital where the girl positively identified him as her assailant. He stoutly denied that he had shot her, blaming it upon another man who he said had taken her to the show.

The girl's condition was considered grave by the attending surgeons. She was still living at noon but was declared to be sinking.

Montelli, who is 25 years old, was released from the Western Penitentiary several months ago after serving six years for killing a fellow-countryman near Maumont. He is believed to have fallen in love with the Leonard girl upon his return to Uniontown and urged her to marry him. She is alleged to have a husband and child. Montelli declared that he had been intimate with her many times within the last few weeks.

HERE, PARADE MAIN STREETS****Jones Brothers & Wilson to Stage  
High Class Wild Animal  
Exhibition.**

The Jones Brothers & Wilson wild animal show arrived in town this morning from Scottsdale, where they gave two good performances yesterday. There was a parade of the show down town streets, which drew forth much favorable comment. Two performances will be given at Fayette Field, one this afternoon and the other tonight.

Although primarily a wild animal show, the Jones Brothers & Wilson aggregation carry a sufficient number of clever circus acts to prevent their entertainment from becoming monotonous. The animals are all jumbo and several thrilling acts are included in the program. The condition of the animals drew forth favorable comment from the crowd, which witnessed the parade this morning.

One of the main circus attractions is the balancing act in which little Myrtle, the girl in green, takes part. She is only eight years old, and is the sixth generation of a circus family. The most sensational feature of the performance is the lion act, and is the headliner of the attraction.

**WORK RESUMED ON  
STATE ROAD EAST  
OF CONNELLSVILLE****Ridge Brothers Begin Brick-  
work on Mile of New  
Highway.**

Work on the construction of the mile of state road in Connelville township beginning at the city limits, which was held up last October when about 175,000 bricks were condemned, was resumed today. The new bricks have passed the tests satisfactorily and a large number were laid.

The actual paving was begun at the bottom of the Buttermilk hill and will be continued to the city limits so that the road may be used between the end of East Main street and the Swagertown road. This has been closed all winter.

The laying of the concrete base was practically completed before winter set in. It was then covered with a layer of earth. This has been cleared away and the sand cushion spread for the laying of the bricks. All of the bricks are on hand and Ridge Brothers, the contractors, have a large force of men at work. Steam roller and the other necessary machinery is on the ground, so there will be nothing to prevent pushing the job through to completion.

The county commissioners have under consideration a proposition to move the stone bridge at the foot of the hill about its own length to the south, so that the line of the road will be straighter. If this is done, the road will be extended several hundred yards beyond that point.

A section of the road which fell in beneath the concrete base at Poplar Grove will be filled up and the foundation made solid before the paving is laid at that point.

## MAYOR FINES MERCHANT FOR THROWING REFUSE IN STREET

James Polidena Pays \$1 and Is Directed to Clean Up in Spite of Protest.

Though he denied that he had ever deposited refuse on the city streets, James Polidena, business on York avenue and declared that he had never been warned by Health Officer Hettel, James Polidena was fined \$1 by Mayor Marietta at a hearing last night and directed to clean up the street.

Profiting by the experience of several previous prosecutions when the defendant denied absolutely that they had broken the health ordinances, Health Officer Hettel brought George Smith along as a witness. The latter testified that he had seen Polidena throw fruit baskets, paper, straw and other rubbish on the street and also heard the health officer warn him not to do it several times.

Several women were notified by the health officer yesterday not to throw garbage on the street near their homes. They were caught in the act and threatened with arrest if they persisted.

A article in Skytownship owned by Joe Porterfield of Skytownship, which has caused much complaint from residents by residents will be torn down through the efforts of the health department. Other objectionable buildings are also to go.

## BERKELEY'S SHORTAGE BIG

Assignment of Livelihood Says Missing Bull Moose Owes \$100,000.

Special to The Courier.

SOMERSET, May 2.—Attorney Charles H. Bailey, assistant of Samuel O. Livelihood, one time president of the now defunct Farmers' Bank at Meyersdale, has filed his account in the court of common pleas. Bailey was appointed to succeed Attorney Livelihood, who has been missing since August 21, last. The account is correct, the present assignment states only so far as he is able to report the same from the information which he has at hand, and shows Berkeley's shortage to be some \$100,000.

Assignment Bailey's account shows that when Berkeley died the bank had paid taxes and insurance on property of Livelihood to the amount of \$155,22, and had a balance in the Second National Bank of Meyersdale of \$29,22. This is all that is shown on the credit side of the account. In the debit less the account totals \$126,000.

Child Had Pneumonia.

Earl Chubb, the six-year-old son of Mr. and Mrs. Andrew Chubb of the West Side is seriously ill with pneumonia. The child became ill about a week ago and the last few days became steadily worse.

## WOMAN IN BAD CONDITION

Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt.—"We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would be cold. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me."—Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine

It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Medicine To Meet.

The West Conneville Medical Society will meet in Greensburg Tuesday afternoon. Dr. L. J. C. Bailey will read a paper.

Condition Improves.

The condition of Miss Jennie Gillespie, who has been seriously ill at her home at Dunbar, is improved.

## ENGLISH PLAYERS CLEVER

Handle Dangerous Story in a Delicate, Artistic Manner.

The English players who last night presented "The Blindness of Virtue" at the Solheim Theatre presented an evening of entertainment marked by remarkably clever acting. The play itself requires the most delicate and artistic acting to commend it to the general public, and it was just such handling that it received at the Solheim.

The story of the play is based upon the downfall of young girls because of the ignorance of sex matters. The novel is a warning to parents and daughters of the pure and virtuous. Around this moral is woven a delightfully entertaining play, not without dramatic quality.

The company is a splendidly English and uniformly capable. After a six weeks engagement in Philadelphia, including Monday, the English players will return to their native land.

## POTASH IN LAVA

Italy May Recover Fertilizer From Deposits of Vesuvius.

By Associated Press.

ZURICH, Switzerland, May 2.—Doctor Kiehn, a chemist in the service of the Swiss government, announced during a recent visit to Pompeii and Herculaneum the Vesuvius ashes and debris and found that they contain large percentages of potash, suitable for the manufacture of fertilizers. The potash syndicate, established by the German government, has almost a monopoly of potash.

The Italian government, learning of Doctor Kiehn's discovery, has communicated with him upon the possibilities of developing potash mines in the vicinity of Vesuvius. It is looking into the matter, and it is expected that the potash syndicate, established by the German government, has almost a monopoly of potash.

Hoosier "White Beauty"

## Why Not Decide This Monday—Once for All?

1. Do you want this NEW HOOSIER put into your Home, NOW for only \$1.00?
2. Or will you wait and miss the benefits of the liberal HOOSIER PLAN?

No matter what your income—whether your husband makes \$500 a year or \$5,000, this new Hoosier Cabinet can help you so much in your kitchen work that purchasing it now will be a big economy.

It Saves Steps It Saves Health  
It Saves Time It Saves Money  
It Saves Good Looks

The end of this great opportunity may come sooner than we expected. Scores have stood in front of our window and admired "White Beauty" shown there. Many have already enrolled on the HOOSIER PLAN, which is as follows:

1. \$1 puts the Hoosier you select in your home.
2. \$1 weekly quickly pays for it.
3. The Low Cash Price fixed by the factory overrules strictly.

4. The sale is under the direct supervision of the Hoosier Company.
5. No interest, no extra fees.
6. Your money back if you are not delighted with your Hoosier.

THE NEW HOOSIER CABINET at the present low cash price, on this plan, is a wonderful value. This great offer naturally must be limited to a few cabinets. When these are taken the sale closes. You will then have to pay regular terms as for all other furniture.

Your problem is simply this: Monday you can examine at your leisure "White Beauty" and the other Hoosiers with "Oak" inside. You do not obligate yourself in any way. You can then decide at once and use your Hoosier Monday or later, as you choose.

Will you grasp this opportunity and come tomorrow? Or will you delay and risk coming too late?

## SERIOUS ERROR IN CONNELLSVILLE

Connellsville Citizens Will Do Well to Profit by the Following.

Many fatal cases of kidney disease have reached an incurable stage because the patient did not understand the symptoms. Even today in Conneville, there are many residents making the same serious error. They attribute their mysterious aches and pains to overwork, or worry, or fatigue, when all the time their rheumatic pains, back aches and bladder irregularities are most probably due to waste and ailing kidneys. If you are ill, if your kidneys are out of order, profit by this Conneville residents' experience.

J. G. Blackburn, carpenter, 314 W. Fayette street, Conneville, Pa., says: "When I was a boy I had gravel. I was operated on and didn't have any more trouble for years. I then began to suffer from a dull pain in the small of my back and didn't get rid of the trouble until I learned of Louis' Kidney Pills. A few boxes of this remedy cured me and I haven't had any kidney complaint since. I am cured to stay cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Louis' Kidney Pills—the same that Mr. Blackburn had. Foster-McMillan Co., Props., Buffalo, N. Y.—Adv.

1. The Housekeeper's Food Guide.
2. The Cook Book Holder.
3. The Metal 50-lb. Flour Bin.
4. The Wonderful Shaker Sifter.
5. The Metal Linen Drawer.
6. The Emergency Shelf.

There are forty special conveniences in the new Hoosier—many of them labeled. Note the following:

(7) The new bill file is a complete bookkeeping system for most households. Most women dislike bookkeeping, but this simple book file for meat and grocery bills on the upper middle door shows exactly what has been paid and which have not. With it you can keep a complete, simple record of all your money transactions.

(8) The "Money tray" on the upper compartment is divided into three compartments. One is labeled "change," one "milk tickets," one "miscellaneous." You can keep all your milk or bread checks here and the small change you need for daily bills. This will save you many trips for your pocketbook.

Have you heard about the Experimental Room in the Hoosier factory where every Modern Kitchen Improvement is tested? Do you know that every one that passes the test is built into the Hoosier?

**"LINE UP"**  
With large searchers' excitement, the "Connellsville News" declares that Senator Crow is passing the word around among Republican school directors to "line up for Carroll."

We do not know what word Senator Crow is passing around, but we do know from abundance of information both public and private that Chairman Sterling has for weeks past been handing out this word among Democratic school directors.

**"LINE UP FOR MONTGOMERY"**

The office of county superintendent is not necessarily partisan, and it should be the aim of good directors to elect the best qualified candidate, where there is no question as to the merit of the candidates.

Several candidates well fitted for the position, all Republicans, there is no reason why any Republican director should vote for the Democratic candidate set up by the Democratic syndicate as its factional choice for this office; on the contrary, every good reason, educational and political, urges him to vote for a candidate of his own party faith.

**THE OFFICE MAY BE NON-PARTISAN, BUT THE FIGHT IS A POLITICAL ONE, MADE SO BY CHAIRMAN STERLING AND THE DEMOCRATIC COUNTY MACHINE.**

We do not know what advice Senator Crow is giving in this matter, but the Courier has no hesitation whatever in advising and urging Republican directors to unite upon and elect a Republican county superintendent.

**THE ANTI-TRUST BILL.**

The Democratic corporation pincher, otherwise known in Washington Congressional circles as the Anti-trust bill, has been agreed upon by the Senate Committee on Interstate Commerce. It is tentative, of course, but its chief features are as follows:

The bill omits any reference to labor organizations or farmers' cooperative organizations, exempting them from the operation of the Sherman law. This exemption was agreed upon by the sub-committee in executive session by Samuel Gompers and other labor leaders.

The bill also omits any legislation fixing prices.

It provides for a trade commission of five members; forbids overcapitalization of new corporations to be organized in the future and requires existing corporations to comply with the law in future issues of stocks or bonds. Briefly, the section against stock watering requires that every issue of stocks must represent actual value.

There is a prohibition against holding companies, and interlocking directors. The last alleged offense is not by a prohibition against any corporation engaged in interstate commerce from buying or selling to any other corporation with which it may have an interlocking directorate.

Much secrecy is manifested over the bill, but it is evident that the Democrats are not happy in their agreements, particularly that relating to the proposed exemption of labor unions and farmers' alliances.

The worst feature of the legislation, however, is the fact that it is inquisitorial and inimical to all corporations, which means to business generally since practically all business is now done under the conventional corporate form, and this fact is hindering industrial progress and hindering national prosperity.

The best thing the Democratic Congress can possibly do for the country is to adjourn and go home, and give us the industrial peace promised by President Wilson as a New Year's gift, but persistently and pertinaciously withheld.

**THE DEMOCRATIC PRESS.**

In spite of the large sums of money expended by partisans Democrats for the establishment of Democratic newspapers in Fayette county it seems that the Democrats have nothing but personal and factional organs.

The manner in which the Connellsville News is daily abusing all Democrats who are not for the state announced by the Democratic machine is notice that this organ is for the Democratic party only incidentally.

The Uniontown News Standard is a close second to the Connellsville News in its factional attitude, and is even more completely owned and dominated by the Barfoot faction.

Both these papers, however, unite in telling their readers that the Uniontown Genius is not a Democratic newspaper because it is published by the same interest which publishes a Republican newspaper. That is not, however, a conclusive reason. A newspaper should be judged by its public utterances as well as its private ownership.

The Democratic party of Fayette county, like the Democratic press, is something of a pretense. It conceals the political ambitions of a junta of Democratic politicians. It is a political trust, but it is due to be dissolved by the people this fall.

The sympathy of the Barfoot organs of Fayette county for the Poor Workmen union on the eve of the primary election is (truthful). There will be another outbreak of the same kind-stuff this fall. The Poor Workmen should not be alarmed. It is nothing when one gets used to it. Besides, it only comes twice a year.

The Commissioners of Fayette County now have to have the consent of the state authorities before they can build new bridges over mountain streams, and the citizens of the towns and townships must have state consent before they can construct a sewer. We presume it is all for the best, but it is not good for any community when farming lands up sewer permits. Every sewer permit should have prompt action. It represents sanitation, which represents life and health, and the lack of it means sickness and death.

It is the part of a friend to be a peace-maker, but the hospital should not be his reward.

This is a good time to get out of Mexico, and these American citizens who refuse to take advantage of the opportunity must take the consequences.

The Colonel is out of the woods. Now we know why "but old Alvin Huerta, hounded to compromise."

The New Standard says Senator Penrose is "working" the churches. We know the churches in this county were being worked, but we were under the impression that the workers were working active Senator Penrose.

Connellsville's new city slogan, "Keep It Clean!"

Science reports that manure is dangerous. Experience has already demonstrated that some manure is doubly dangerous.

The Somerset public school board will hold their commencement exercises in Washington City for a change. It will be a great change while there, but little change when back.

The small streams of Fayette and Somerset counties are being liberally stocked with trout. The attention of sportsmen is called to the fact that we have a perfectly good bass river going to waste.

Commission Government is to be tried on Mexico. If it survives the test of being tried on the Guaguas we will have to concede that there may be some virtue in it for Cubans.

This is the season for buying taxes. For paying them some people think they have all seasons.

Nick Montell does not furnish a shining example of the humanitarian spirit of clemency which imprisons men for capital crimes and pardons them afterwards.

## SCOTTSVILLE TEACHERS ARE ALL ELECTED

Earliest Selection of Them Ever Made in the History of the Mill Town.

Special to The Courier. SCOTTSVILLE, May 2.—The Scottsville Board of Education has elected the teachers of the local schools for the coming term, at the earliest election ever held of teachers in town. Last year they were elected on June 2. The entire staff of teachers with the exception of Miss Elizabeth Sherrick, who did not apply, were re-elected. In Miss Sherrick's place Miss Edna Rhodes, daughter of Mr. and Mrs. W. H. Rhodes, was elected. Miss Rhodes is a graduate of California State Normal School and has had several years' experience in teaching in the Lower Tyrona schools.

The selections as Secretary O. I. Hess gave them of the present year are as follows: W. M. Edwards, supervisor principal, with the following staff in the high school: J. C. Vernon, principal; E. H. Miller, science; R. S. DeVaux, languages; Viola H. Simpson, English and history; J. E. Imber, mathematics; Elsie W. Muir, German and history; Addie M. Randle, English and civics.

In the grades Miss Maude A. Loucks was re-elected supervising teacher. The teachers elected were: First grade, Henrietta McClary, Viola Sherrick, Vina U. Wiley; Second grade, Edna Rhodes, Sara M. Sherrick, Florence Hurst; Third grade, Mary A. Wendler, Jessie Dwyer; Fourth grade, Kate Tannhill, Lela Stump and Nina McFarland; Fifth grade, Cleo McKee, Mae Gibson and Mary Mollison; Sixth grade, Louise Kerr, Grace Munaw; Seventh grade, Thomas Sparks; Eighth grade, Shepherd; Eighth grade, Goldie McLaughlin and Neil Berlin.

Bessie Tenkard was elected supervisor of domestic science and sewing.

Irene McWilliams, teacher of music; Mrs. Julia H. U'rey, teacher of art; J. A. Alexander, supervisor of manual training; P. O. Peterson, supervisor of writing.

## FOR SCHOOL BUILDING

The Upper Tyrona township school board it is said will erect a new school building in East Scottville during the summer session. Whether it will be a four or a six room one has not been decided. The proposition is reported to be to abandon the Walnut Hill and East Kittertown buildings and sell them, the board holding a deed for the property, and choose a new site and combine the two schools.

## MEETING DOCTOR MOTT

It was a pleasant trip that Secretary J. A. Addison of the Young Men's Christian Association made to Pittsburgh this week to attend the conference of the executives of the Pittsburgh district. The personal side of the meeting was Mr. Addison's meeting again with John H. Mott, D. D., associate general and foreign secretary, international committee, the man whom President Wilson sought as minister to China. Mr. Addison was a secretary to Mr. Mott for four years, while Mr. Mott was at the head of the student work.

## PHYSICAL DIRECTOR

J. R. Umbenhauer of Meadville, Pa., accepted the call as physical director of the Young Men's Christian Association and will be here within a few days. Mr. Umbenhauer will follow in about a month, and until now comes Mr. Umbenhauer will have a room in the dormitory. The first room of the dormitory has been rented. Howard Dunbar of Conneltsville having the distinction of being the first person to be sheltered under the roof of the new building. There are several other applications being made. The Men's meeting on Sunday afternoon will be held in the association room at 2:30 o'clock. Rev. H. H. Felt, pastor of the Christian Church, is glad being the speaker. A motion picture for the old boys will take place at 7:30 o'clock when the boys' quartet will sing in the music, and there will be a special feature in the lecture which attended the conference in Pittsburgh.

## EXCELLENT SHOW

The Jones Brothers & Wilson's Wild Animal Shows gave a clever parade on Friday, moving the principal streets and showing a fine collection of wild animals, probably the best ever seen here in a parade. All the equipment was neat and pleasing and the show drew large crowds. It was a distinct credit to the performance and full of many thrills. The show will be welcome any time it returns.

## FIREWORKS WAS HELE

Helene, with her aid, the flowers of Pittsburgh made her annual visitation to St. Bartholomew's Episcopal Church on Friday evening, and administered the rite of confirmation and preached.

# The GOVERNOR'S LADY

A Novelization of Alice Bradley's Play  
By GERTRUDE STEVENSON

ILLUSTRATIONS FROM PHOTOGRAPHS OF THE STAGE PRODUCTION  
Copyright, 1914, (Publication Rights Reserved)  
By Gertrude Stevenson

re Katherine Strickland, sitting in the study, behind library adjoining, every sound had its meaning. Her eyes sparkled with keen interest. In her cheeks glowed the deep rose of excitement and exultation. In that other room she knew they were making history. In that other room they were putting up a man for governor, a man she admired and who had aroused her interest as no other man had ever done.

Nothing could stand in that man's way, she thought, with a catch in her breath, nothing could stop him now that he was fairly started. How different this dominating, forceful personality from Bob Hayes, the man who had first won her girl's heart, and yet for whom she had never been willing to renounce her interest in the political and social life which obsessed her with the same compelling force as it did Slade.

With an effort she brought her mind back to the present and to Mrs. Wesley Merritt, who had dropped in on her way from a dance to pick up her husband.

"You simply weren't listening to a word I said," Mrs. Merritt complained in her affectedly affectionate way. "I was asking if you knew Mr. Slade very well."

"Yes," Katherine replied, lightly, "we know him very well."

"And does he ever mention his wife?" Mrs. Merritt's most perfectly felicitous manner.

"Never once," admitted Katherine, without even an attempt at an evasion. "And you have never met her?" Mrs. Merritt was in her glory if she could probe.

"No, I have never met her."

"How extraordinary! My husband—Wesley Merritt's name spoils both the name and home, domestic purity—said Slade's wife was not to be met even by his wife for weeks, and it's town talk that he's living at his club. And to think he's never mentioned her to you!"

Faithfully had Katherine rung for a servant, and as Mrs. Merritt finished, she looked casually at Katherine, and said before she turned away:

"I have heard that Mr. Slade is a decided blonde. Her decision has been made more than ten years before it was made. You can't deny that. Once made, must be added by, and the woman had been living up to it ever since. Her gown was the last word of sartorial elegance and style. During delectable it clung to her long, slender figure with loving caresses, and tended round her exquisitely dressed feet. Her hair did credit to the hairdresser's long and patient efforts, and long, black diamond pendants flashed and sparkled from her ears. It was a woman had become a slave to her own personal pleasure and dress, that woman was Fannie Merritt. Too self-centered and selfish ever to crave motherhood, she lavished a kind of affection on a watery-eyed little puddle, which repaid her with lap-dog gratitude."

Tonight she was restless and ill at ease. Like Katherine, her mind was full of one thought—Slade, Slade, Slade—but thoughts that took a different direction. She was sick of his name, sick of hearing of his money, sick of the talk of his power and of hearing him named as "the man of the hour." He was winning the very honors she had coveted for her husband, and taking them right out from beneath his very eyes and nose. There didn't seem to be a doubt of Slade becoming governor, the very position for which her husband had been striving for the past six terms. Slade with his millions needed the governorship no more than a pampered child needs a new toy while to her husband success or failure was this time meant either the retrieving of his fortunes or his utter ruin.

The attraction of the two women was broken by the sudden entrance of Hayes.

"Did You Ask the Senator for the \$10,000 I Want?"

twenty-one, Katherine, and you, Rob, were twenty-four. I can feel Rob's hands gripping mine yet: "O, Fannie, please see her for me—the senator doesn't approve of it." And the tears you shed on my shoulder, Katherine—why, it feels as if I were to think of it."

"O, Fannie!" Katherine's voice was not as firm as usual.

"I always said," the woman pointed, "Rob, she'll come home to you in the end."

"I think I'll go back and listen to the discussion," and Bob hung disconsolately out of the room. At the door he almost collided with Merritt. Katherine had hurried out to see a reporter who wanted the whereabouts and the why of the dinner party to Slade.

"I can't possibly get away, dear," Merritt explained to his wife. "I've been buttonholed by some men from up the state. Shall you wait or go home—first?"

Mrs. Merritt refused to be dismissed in that peremptory fashion. "I'll wait," she returned with acid sweetness. "Then if you are not ready I'll run along."

"Slade's had an oration tonight," Merritt informed her, nodding toward the smoking-room. "The big out-of-town men are all here. Some of 'em in there yet. He's big, Fannie. He's big. We can't deny that. The brute attacks his point with all the force of a sledge hammer."

"Yes, that's what you lack—punch," his wife turned on him pettishly.

"You're snowed under," she complained, bitterly. "If you'd taken my advice you wouldn't have come to this Slade feed tonight. What's your paper for?" she demanded. "If you can't attack your rival candidate in his column? Anyone would think you wanted to make him governor—instead of yourself."

"I can't attack him publicly," Merritt retorted. "He'd put up glue factories facing our property and with a lake breeze blowing our way—phew! My position is very difficult. Of course, election's a long way ahead, but I'm the only stick in his paddie."

"Yes, you're a big stick!" she taunted. "Why don't you do something?"

## OPPORTUNITY AT HAND

Chance to Invest Idle Capital in Going Local Concern.

Opportunity comes once in a lifetime. Idle money, like lazy man, earns nothing. We all know that money makes money. Even in the savings bank your money makes money. No one ever got rich by saving alone, unless there was left him a big amount of money to start with. The wealthy man of today are those who have saved and invested their savings where there was an opportunity for large profits.

Those of us who desire to make money must follow their example, that is find an investment where they have an opportunity to get large returns and where the element of risk is not too high. Few of us have sufficient capital to finance any undertaking such as the Young Crystal Ice & Storage Company, so a few of us must get together and each take a part, and in that way accomplish big results. Stock still is in par in blocks of \$100 to \$500 for short time only. All prospective investors are requested to submit their order by phone or in person on or before 10th of May, as stock will not be put after that date. Both Main Street and 112 Second National Bank Bldg. Stock salesman, K. F. Gilpin.—Adv.

## ROCKWOOD.

ROCKWOOD, May 1.—Edith C. Hoose, cashier of the Farmers & Merchants National Bank of Rockwood, considered his resignation Wednesday evening to take effect on the 15th of May. Mr. Hoose has accepted a position with the Farmers Trust & Mortgage Company of Johnstown and will assume his new position as soon as his successor is appointed. Mr. Hoose has been with the local institution since its establishment nearly four years ago when he came here from Steyertown, where he had been cashier of the First National Bank there for a number of years. The Hoose residence on Main street has been offered for sale, and will move to Johnstown in the near future.

The Rockwood Band will give a concert in the public square on Saturday evening.

Mr. Elmer Tritts of Wilson Creek and Miss Minnie Kimmel of Rockwood were united in marriage at Cumberland on Wednesday of this week.

Charles Souner of Johnstown, is the guest this week of his uncle and aunt, Mr. and Mrs. John G. Miller of Rockwood. Mr. Miller, who is manager of the Rockman Hotel at Johnstown, is at his West Main street residence suffering from an attack of rheumatism. Mrs. E. D. Miller is reported seriously ill at the Miller residence on Main street, suffering from an attack of sciatic rheumatism.

## 16,000 MINERS QUIT.

Kannawha District Men Disregard White's Orders.

CHARLESTON, W. Va., May 1.—Ten thousand miners in the Kannawha field quit work today in the face of an order from Gov. White, president of the United Mine Workers of America, and it is expected that the 2,000 who remained at work would quit before tomorrow morning.

Thomas Adams, resident of Rockwood, No. 17, urged the men to remain at work until negotiations were officially broken off with the operators but they refused to obey.

## Council Meeting.

Though no call has been issued by the mayor, it is thought that council will hold a meeting on Monday night. The session was called for last Friday and subsequently postponed to Monday night when it was again postponed.

## FACE COVERED WITH PIMPLES—RESINOL CURED

Atlanta, Ga., April 24, 1913.—"My face was covered with pimples which defied creams, soaps and cosmetics. They were a source of constant humiliation to me, coming in contact with many strangers as I do, as a business woman."

"By the time I had finished a cake of Resinol Ointment, my skin was soft and velvet, and as smooth. My friends were stunned, and everyone asked me what I had done. When I told them, I think they hardly believed it, for the transformation was simply wonderful."

## CIGARETTE CASES GIVEN AWAY

Handsome Leather Cases Go With Packages of Omar Cigarettes.

Omar cigarette smokers have an opportunity for the next few days—or as long as the supply lasts—to get a handsome leather cigarette case free. One case will be given with the purchase of a fifteen cent package of Omar cigarettes; but only one case to a customer.

The case is just the right size to hold the Omar package—slips right in and fits snug. It is made from genuine, fine, smooth-finish black leather, soft and pleasant to handle, and giving the user a dressy and smart appearance.

In speaking of this offer, a representative of the Omar cigarette people said: "By giving away these valuable cases we mean to get cigarette smokers to try Omar—try this wonderful cigarette right away. Any man who likes a Turkish blend will find in Omar the one perfect cigarette. We are selling Omar by the millions, and it is only a comparatively new cigarette. It is positively the best that can be made and no other approaches it in quality. The man who smokes Omar is sure to be pleased."

CONFLUENCE, May 1.—Confluence exercises were held last evening in the Lutheran church. The church was packed by an interested crowd and the program rendered with long remembered. In that it was pleasing and entertaining. The graduates performed with much credit to themselves and school, showing that their minds had been trained along lines which go to make men and women stand for the best there is in life.

The orchestra is to be highly complimentary on the music which added cheerfulness to the evening. The address was made by Superintendent R. C. Shaw of Westmoreland county, and was much appreciated. The following program was rendered:

## Tariff Tinkering

PROBABLY no subject has received as much attention and discussion during the past fifty years as "Tariff on Imports." In spite of this, few men know the effect of tariff increases and decreases on general business.

Leaving politics aside, the matter of the tariff is frequently considered in our Monthly Trade Reports, and the figures on foreign trade, which appear in these reports, should be carefully preserved, for future reference by every business man.

We shall be glad to send these reports to you without charge, and we assure you that they are as brief and dependable as they can be made.

# Early Sale of All Women's Newer Style Suits and Coats

Greatest Chance, So Far, for Unrestricted Choice of Price-Cut Suits and Coats, Newer and Finer Than Other Stores Have  
**SALE BEGINS THIS SATURDAY**

Brand new goods without a blemish or fault! Suits and coats from celebrated makers who are forcing out their finer, choicest apparel to start fresh on clothing for next fall and winter. Makers are just about a season ahead of the actual wearing time, and this last purchase contains the advance styles for all summer wear.

Many of the coats and suits in this first important sale are hardly out of their wrappings. They were selected, personally, by our buyer who has just returned from the East.

Get this firmly fixed in your minds:—The garments are spring and summer, 1914, models and the pick of the preferred variations of style. We haven't an out-of-fashion garment in the store. EVERY coat and suit for women, juniors and misses is specially priced; the newer garments just purchased are away under usual markings; and the garments from regular stocks have been repriced down to the level of the others. What you choose is infashion and dependable; you won't have to guard against seasons-old stuff mixed with the new. This is the only store (inspect other store's stocks for proof) absolutely free of women's wear out-of-season. It's the best place to buy the clothes you want to look best in.

## The Splendid Suits

—Some of them are in advance styles not yet shown at other stores. More variety, better values and less to pay.

The suits from the various celebrated makers are in the collection.

There are suits for every possible occasion. Suits elaborate, original and daring; suits of simplicity and charm, quiet toned and dignified; and suits between the two—clever models, high class and style-perfect.

ALL sizes, ALL colors, ALL textures, silk included.

## Fashionable Coats

A late purchase and our entire regular stock. Coats of silk or wool, for utility or formal dress. ALL sizes, ALL specially priced.

No bigger stock of fine texture, smart style coats is shown in town. Variety includes Bal-macaan, Ripple-tail and English models.

Silk moire and taffeta; shepherd's cheeks; golf ene, serge, ratine, crepe, gaberdine cloth, Scotch mixtures, homespun, English club checks and other textures.

Sizes and models are in black and colors for misses, juniors and women.

## The New Low Prices on Suits

Suits of regular \$25.00 grade re-priced **\$19.75**

Suits of regular \$29.75 grade re-priced **\$22.32**

Suits of regular \$32.50 grade re-priced **\$24.38**

# Presenting the Best \$15.00 Suit

It has Special Features that Higher Priced Suits Could Well Be Proud of

Heretofore, and now, the greatest number of men's suits in stock are above the \$15 price. These clothes, without exception, are from makers who specialize on \$20 to \$35 garments. With one of them we went into the matter of producing an exceptional \$15 suit—a suit with stylish lines, good tailoring and ability to wear well and keep its shape. In brief, just such a suit for \$15 that a man accustomed to paying \$25 would wear.

The suits, in a wide variety of styles, are here for you to view and choose.

They are miles ahead of anything we ever sold at \$15 regularly.

While the materials are not the grade that go into higher priced suits, they are guaranteed ALL wool, shrank, and color fast.

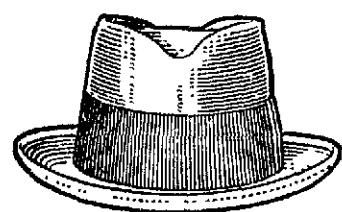

The hidden work, the inside textures that give the suits shape, are of a far BETTER grade than are usually put into \$15 clothes.

The patterns are strictly up-to-the-minute—plains.

stripes, pencil-stripes and chalk stripes on blue or black, plain blue serge; neat checks; solid colors—at on the best liked fabrics.

Styles are English—soft lapels, shortened coats, high cut vests, straight trousers, patch pockets; and there are strictly plain models for more conservative people.

## A New Hat for Men

High crown shape, wide banding on pencil curl trim. An entirely new effect with 3 1/4 inch solid silk band and hand-tied bow on quarter. Toulson & Co.'s latest and certainly a rich looking hat. Comes navy, brown, bottle green, medium green, dark claret and steel. Price \$3.50 each.

Men's Clothing Store

It's quite a saving in wash bills to put the little tots in rompers for out-of-door play. Rompers of washable gingham, light and dark colors, 50c to \$1. Beach suits, 50c to \$1.50.

—There's a greater number of wash suit styles to choose from than we've ever had before; and there's odd fashions—the Dick ens suits—differing from those of other seasons. Plenty of the plainer sorts, too; Russian and sailor blouse suits with straight pants. White and colors; percale to linen, a suit, \$1 to \$6.50.

## BOYS

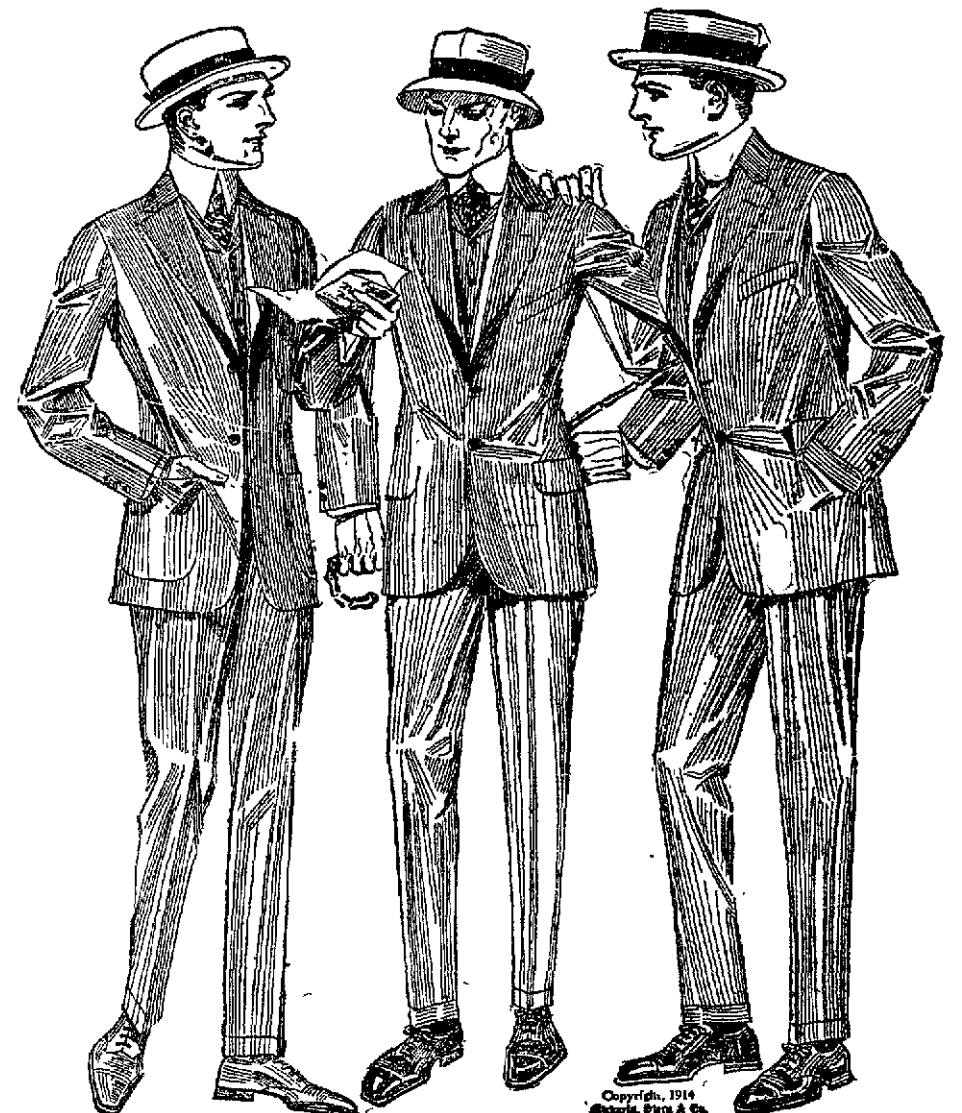

want their suits from Wright-Metzler choice of models and textures at the price parents want to pay. Suit prices start at \$3.50 for a good-style garment that wears well.

At \$5.00—Like Jr., suits in Norfolk style, some with patch pockets. Good, uncommon patterns—and a variety.

Serge suits—true blue, all wool Norfolk styles; two-pants suits of all wool textures in solid colors and stripes, checks and flake designs.

Between \$5.00 and \$15.00 one can indulge any fancy of dress for the boy who wants things "different." Sizes to 18 years.

Talmacian Coats—Boys' sizes, homespun, light colors.
